CookRite offers a complete line of commercial cooking equipment. Perfect for any kitchen environment.

Heavy duty gas Ranges made with exceptional durability and outstanding energy efficiency. In even the most demanding kitchen environments, our counter-top gas equipment will outperform our competition. Our charbroilers are made with reversible cast iron grates and our hotplates are constructed with burners that are built to last. All of our CookRite units are constructed with heavy duty stainless steel, giving it a clean and yet durable look.

This line consists of heavy duty gas ranges, hot plates, griddles, char-broilers, stock pot stoves, deep fryers, cheese melters, salamander broilers. Available in both natural gas and liquid propane.

PrepPal

YOUR KITCHEN PAL!

Mixers / Meat Slicers / Meat Grinders

If you're looking for commercial appliances, our PrepPal line is a durable yet cost effective solution for your needs. All of our products are made from stainless steel and other durable materials that will last for years of continuous use. PrepPal Appliances are built with a seamless construction for easy cleaning while its mounted ball bearings and rubber feet prevent movement when in use.

Built to out-perform all others, almost every Electric Meat Grinder we carry comes with multiple grinding plates, each of which has different sized holes for making finely or coarsely ground meat.

Our Commercial Mixers have powerful gear driven transmissions that will allow you to consistently mix a wide variety of products. PrepPal Mixers come standard with: stainless steel dough hook, wire whisk, at beater, stainless steel mixing bowl, and safety guards.

Our Commercial slicers offer 3 different models to choose from. Both the heavy duty and standard models have a one piece base made of high quality alloy aluminum with a top mounted removable metal knife and high quality sharpening stone. The permanent ring guard has a removable cover and deflector. The knife cover interlock will prevent the slicer from operating without knife in place and the motor has overload protection with a manual reset.

MAKE THE STEEL RITE!

Equipment Stands / Sinks / Tables

MixRite offers high quality stainless steel products. The products in this line are made for every day use, but are designed with exceptional craftsmanship.

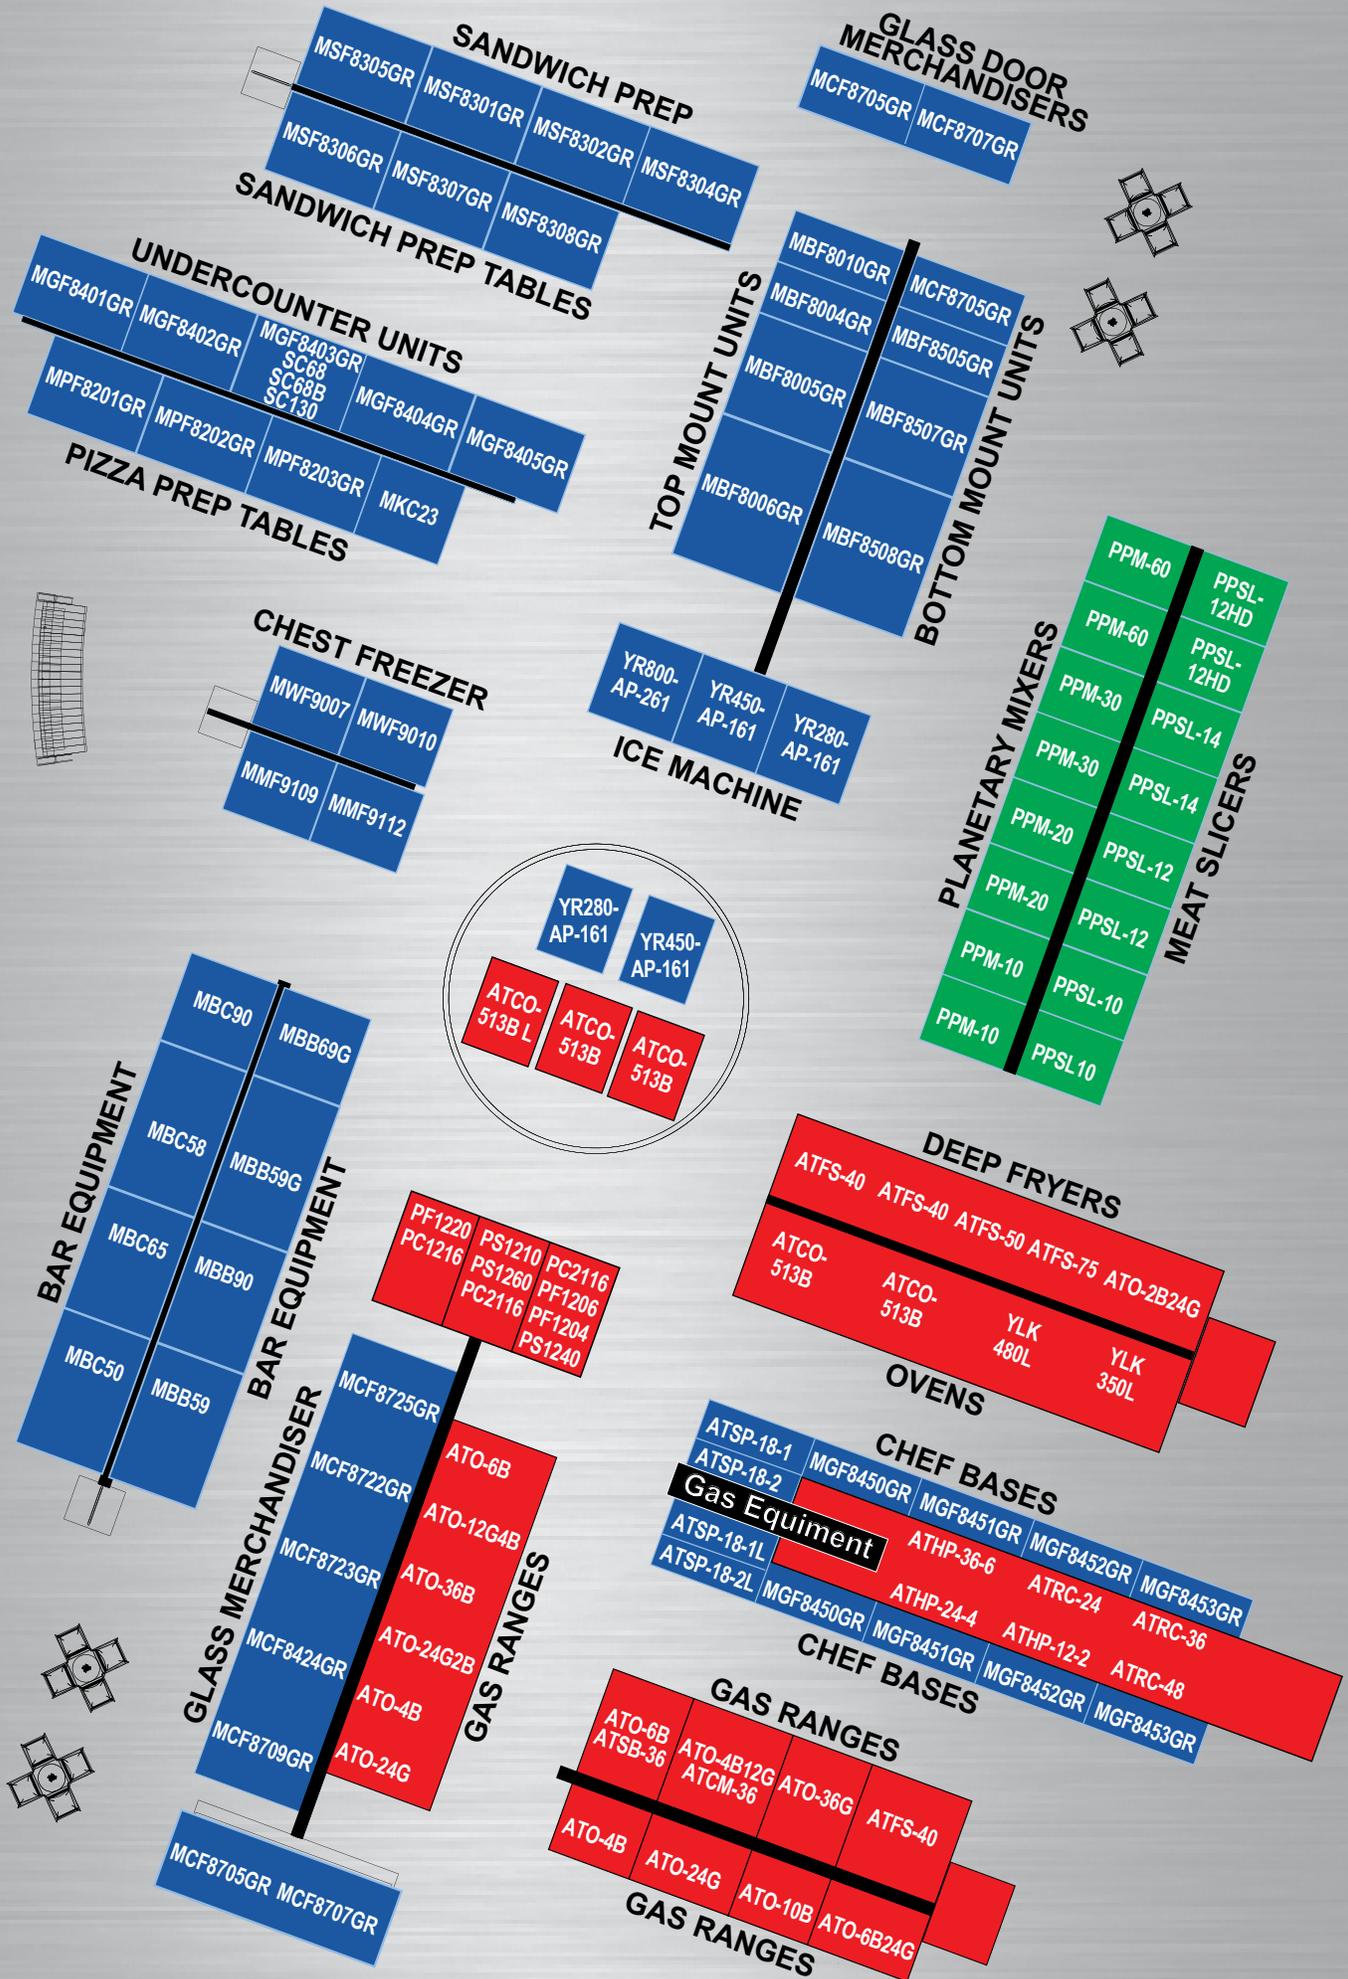

- *Stainless steel structure*
- *Entire top mechanically polished to a satin finish*
- *Ships unassembled to save you on shipping cost.*
- *Formed from a single sheet of 18 gauge stainless steel*
- *18 GA Stainless steel top reinforced with a welded channel frame*
- *Galvanized tubular legs and under shelf are standard features on all models*
